what, and I've been in here long enough to know that if we don't do the best job we can on the language of the bill it could be trouble later. It really is a simple amendment and it simply takes out the existing language in Section 3 and defines the unborn child as the unborn offspring of a human being conceived and not yet born, simple, clear, and a much better definition, I believe, than is in the bill right now. And to my constituent who called me, I hope he's listening this morning because he will see why I'm having such a struggle with this bill. Thank you.

SENATOR CUDABACK: Thank you, Senator Schimek. You've heard the closing on AM2542 to LB 824. The question before the body is, shall that amendment be adopted? All in favor vote aye, opposed nay. Voting on the Schimek amendment to LB 824. Have you all voted who care to? Record, please, Mr. Clerk.

CLERK: 7 ayes, 27 nays, Mr. President, on the amendment.
